

A Caravan of Love at The Palace for Mother's Day

The Palace Renaissance and Royale residents, families and team members shared holiday wishes with a "Caravan of Love" for Mother's Day. An energized family parade winding through the community was a wonderful tribute to celebrate moms and thank the staff for the wonderful care they provide to their loved ones.

It was a unique way to wish moms a Happy Mother's Day while practicing social distancing but was filled with a mix of emotions and tremendous enthusiasm. To make the day even more festive colorful balloon arches, elaborate costumed dancers and entertainers and a mariachi band added joyful energy to a Mother's Day Palace-style. Palace Group founders Helen and Jacob Shaham were among the parade well-wishers.
